Width: Upto 1600mm

Length: As per requirement

Usage Automobiles, White goods, Roll forming, General Engineering & Fabrication, Packaging, Drum & Barrels, furniture etc.

Our Offerings

HRPO Coils & Sheets

General specification:

Thickness: 1.60mm - 6.0mm

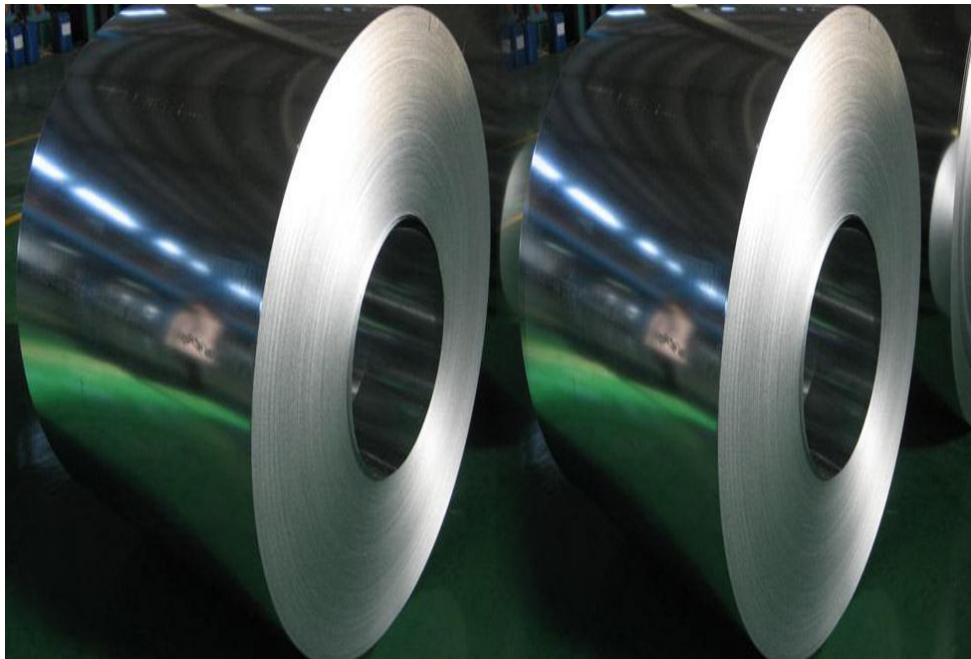

Width: Upto 1600mm

Length: As per requirement

Usage Automobiles, White goods, Roll forming, General Engineering & Fabrication, Packaging, Drum & Barrels, furniture etc.

Our Offerings

Galvanized Coils & Sheets

General specification:

Thickness: 0.5mm - 2.0mm

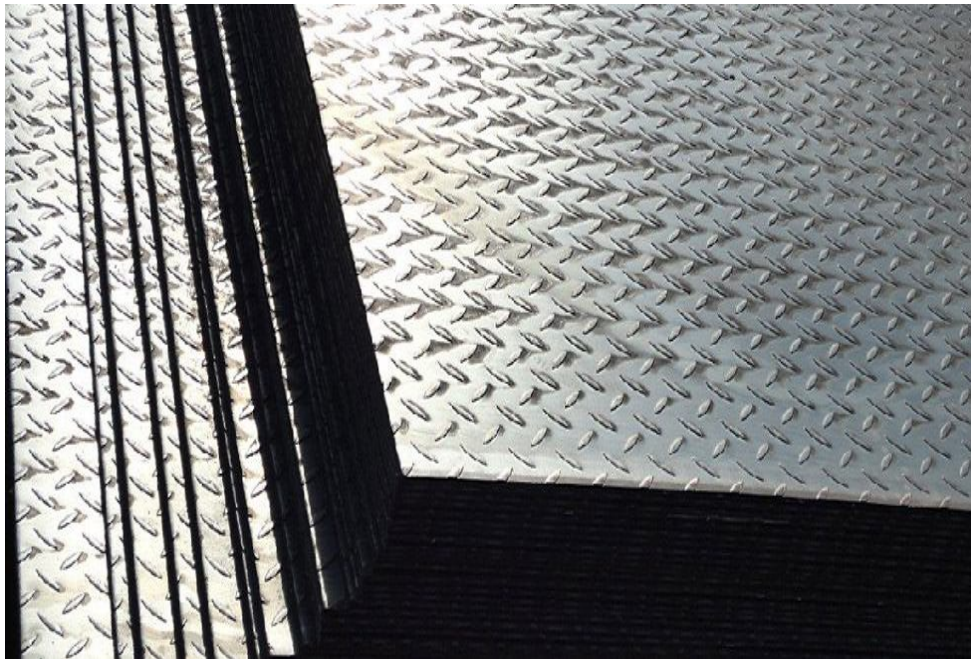

Width: Upto 1300mm

Length: As per requirement

Usage White goods, Auto components, Bus Bodies, Lock forming, HVAC, doors, windows, insulation panels, structural engg., roll forming, furniture, roofing, cladding, transformers etc

Our Offerings

MS Chequered Steel

General specification:

Thickness: 3.0mm - 6.0mm

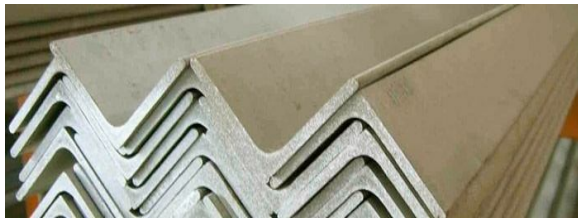

Width: Upto 1250mm

Length: As per requirement

Usage White goods, Auto components, Bus Bodies, Lock forming, HVAC, doors, windows, insulation panels, structural engg., roll forming, furniture, roofing, cladding, transformers etc

Our Offerings

Structural Steel

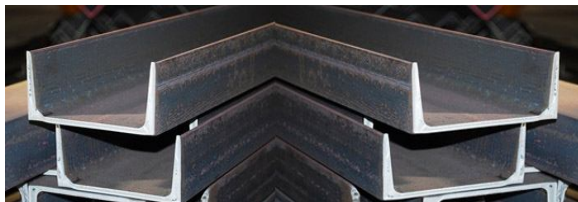

Steel Angles

Application: Transmission towers, Reinforcement, Bridges, Sheds

Beam

Application: Offered in numerous shapes, dimensions and sizes, these products find multiple application in construction and engineering related industries

Channel

Application: Purling for Sheds, Scaffoldings in construction Industries Supporting frames for Structures, Base frames of heavy machinery and automotives
